

▶ Hanover Risk Solutions—Partners in Safety

At The Hanover, our Risk Solutions experts are on hand to help your business mitigate risk with a broad range of solutions. And we know that sometimes, you need a solution that doesn't come from your insurance company.

To cover that gap, we've negotiated with an array of providers to help address safety and security needs at low or no-cost, and sometimes, reduce deductibles in the process.

Our Risk Solutions Partner program has allied with a national provider of online training to help address some of the training needs of the construction business. **Hanover Construction Safety Advantage** provides free* construction hazard awareness training to our valued Hanover policyholders.

*Some limitations apply.

Hanover Construction Safety Advantage

Nearly 5,000 workers a year are killed on the job, and many thousands more are injured, sometimes critically. Most agonizing is that many of these injuries might have been prevented with worker training in a few of the common construction industry hazards they may encounter during their work.

These online courses help our construction industry policyholders address those training needs cost-effectively, and at times convenient for employees and employers alike. We've assembled this collection of courses to address the most common causes of loss to construction business owners.
