

## ▶ Hanover Risk Solutions—Partners in Safety

At The Hanover, our Risk Solutions experts are on hand to help businesses mitigate risk with a broad range of solutions. And we know that sometimes, business owners need a solution that doesn't come from an insurance company.

To cover that gap, we've negotiated with an array of providers to help address safety and security needs at low or no-cost, and sometimes, reduce deductibles in the process.

Our Risk Solutions Partner program has allied with **ALICE Training Institute (ATI)**,\* a national provider of online and instructor-led training, to help organizations equip their employees with proactive response information and options during active shooter, mass shooting, and violent intruder events. According to ATI, ALICE-trained employees will be able to help maximize their chances of survival from such events.

\*All materials and training are prepared by ALICE Training Institute (ATI), which is solely responsible for the content and quality of the program.

### ALICE Training Institute

As news of active shooter events fills the headlines, employees in clubs, churches, schools, or any kind of workplace are concerned that they can become a target of a shooting event. Every event likely inspires doubts about your preparedness and ability to protect your employees. According to ATI, ALICE training provides a tested method of best option-based responses to attacks, both in assessing strengths and weaknesses currently in place and in helping employees to respond if such an event happens.

ALICE is an acronym that stands for Alert, Lockdown, Inform, Counter, Evacuate. ATI states that training your employees using ALICE Training Institute's blended learning model will:

- **Maximize survival** for every employee trained.
- **Provide accountability** by documenting completed training and preparation.
- **Reduce liability** for your organization by aligning training with current state and federal standards of care for violent intruder events.

ALICE Training Institute offers help to implement response strategies and training for staff with option-based tactics should a dangerous situation occur, all for our valued Hanover policyholders.

*continued* ▶

ALICE Training Institute was founded by and employs experts in safety, law enforcement, education, information systems, all to help provide training that is relevant and comprehensive.

**ALICE Training Institute provides:**

- Free K–12 Active Shooter Security Self-Assessment
- Online Learning—an award-winning interactive design
- Enhanced ALICE Certified Instructor-Led Training
- Certificates of completion to every employee who completes the course
- An online library of resources for self-study

ALICE designs programs to fit policyholders' needs, whether it's for individual training for a few employees or company-wide training, short-term or long term, in person or online.

Per-employee pricing depends on the length of the purchase agreement. Recertification is in two-year increments.

Blended learning includes both onsite Instructor Led Training and eLearning. Cost for ILT depends on the kind of training, the frequency, the location and how many employees are being trained.
